LAKE COUNTY, FLORIDA
Semi-Annual Investment Report
December 31, 2019**

I. INTRODUCTION

In accordance with the investment ordinance originally adopted July 19, 2005, and amended December 28, 2015, an investment report is submitted to the Board of County Commissioners semi-annually.

II. INVESTMENT OBJECTIVES

To ensure that excess funds of the Board of County Commissioners are invested in a manner to maximize yield and at the same time minimize risk, maintain liquidity and demonstrate legal compliance.

III. CASH AND INVESTMENT BALANCES AT DECEMBER 31, 2019

Cash and investments held by the County consist of: a checking account, savings accounts, certificates of deposit, and the Florida Government Investment Trust Fund (FLGIT); these investments are authorized in the investment ordinance. Our checking account, certificates of deposit and savings accounts are considered qualified public deposits, thus, are collateralized in accordance with state statutes. If the qualified public depository should fail, other participating banks would be required to pay the County for any loss that may have been incurred.

Funds invested include excess operating funds. At December 31, 2019, cash and investments amounted to \$218,269,701 compared to \$134,949,644 and \$172,512,650 at June 30, 2019 and December 31, 2018, respectively. A detail listing of these balances and the current yield is attached as Exhibit A.

IV. MATURITY DISTRIBUTION OF PORTFOLIO

Exhibit B demonstrates the maturity distribution of cash and investments held at December 31, 2019. This graph indicates that about 90% of our cash is invested in securities maturing within six months. The weighted average maturity of the portfolio at December 31, 2019 is 71 days or .20 years (Exhibit C).
